#### **Notice:**

HHU's Award Rules of 25.10.2018 do not constitute a right to payment of a STIBET Completion of Studies Grant, but instead serve to ensure equal and fair treatment in the awarding of grants. Students who receive a STIBET Completion of Studies Grant may categorically also be gainfully employed. This must, however, be agreed with the International Office before submitting an application. If gross salary or wages from part-time employment exceed the lump sum limit for part-time employees (€ 538/month), the STIBET Completion of Studies Grant is reduced by the excess amount. Example: If income from part-time employment amounts to € 543 then the grant - if all other award criteria are fulfilled - is reduced by € 5 per month. This threshold applies for each month in which the scholarship holder is gainfully employed. Legal provisions must be observed, in particular regarding tax and social security contributions. Holders of STIBET scholarships may also receive funds from other scholarships, provided that the sum of both scholarships does not exceed € 750/month (Bachelor) or € 850/month (Master). The student is obliged to notify the International Office of other scholarships before she/he submit an application for a STIBET grant.
