

Green Travel under the Erasmus programme

The new generation of Erasmus launched in 2021 aims to promote sustainable travel by offering additional financial support for it. If you choose to use sustainable means of travel to reach your place of studies abroad, you will be eligible for

- up to six travel days (max. three travel days for the outward journey, max. three travel days for the return journey)

as additional funding for your stay. All days of your outward or return journey immediately before the first day and after the last day of your internship count as travel days. Please enter your details below and sign the statutory declaration in lieu of an oath. Please retain the corresponding travel documents for 5 years (in case of an audit).

To obtain the funding, please sign and submit this form by e-mail to auslandspraktika@hhu.de before the start of your stay abroad. Thank you.

I hereby apply for the additional funding available for sustainable travel:

Last name, first name: _____

Destination country/city: _____ / _____

Planned travel dates for the outward journey: _____

Planned travel dates for the return journey: _____

Type of travel

Your travel is deemed sustainable if you use one of the following means of transport and travel options for the entire journey (outward and return journey):

- Train
- Bus
- Bicycle
- Car sharing with at least one further person (driver plus at least one passenger)
- Ferry journey involving one of the means of travel stated above

Statutory declaration in lieu of an oath

I hereby declare in lieu of an oath that I will use one or a combination of the means of travel stated above for the entire journey to and from my host organisation (outward and return journey). In the event that I do not use the means of travel stated above as planned for one or both of the stated journeys, I undertake to notify the International Office without delay.

Place and date: _____ Signature: _____

<i>To be completed by the International Office</i>				
Funding		Number	Rate	Total amount
1	Number of additional days due to use of sustainable travel (outward and return journey) plus daily allowance	_____	€ _____	€ _____ _____
Total amount (to be completed by the International Office):			€ _____	

This information applies until the International Office publishes new regulations. As at: 24 June 2024.
