Germanistik-Sommer Semester 2024

My aim was to participate in the Erasmus program since I started university, I worked hard for this and I would like to thank Heinrich Heine University for providing me with the opportunity. As a 3rd year germanistics student, I chose Heinrich Heine University for Erasmus. It was very important for me that the language of education was German. Because I really wanted to improve my German level. It was a great chance for me, especially, to receive one-on-one training in Germany. I was very excited after the acceptance letter arrived. I wanted to complete all my documents with great excitement. Getting a link to the dormitory early also provided a distinct advantage for an Erasmus student. The summer term catalog for the tuition agreement was published and I made my choice accordingly. I had no difficulty in obtaining a visa, but due to my carelessness, I was only able to receive training for about 4 months. However, I could take 6 months and I would love to stay longer and improve my German knowledge. I had a good opportunity to examine the German culture and social structure. It is very comforting that transportation is free for students. As long as you have your student card with you, you can easily use transportation in Germany. The airport is close to Heinrich Heine University and you can reach it with two vehicles. To attend classes at the dormitory I was staying in, I had to walk in 10-15 minutes. I didn't need to use public transportation. Scooters or bicycles can be rented at affordable prices through applications. If you do not have a valid language certificate, you should pay attention to the visa date and exam date. Since you cannot take the exam, you may not be able to attend the DFS course that suits you. Even after registering for courses via the portal or after the registration period expired, I attended the courses by sending e-mails to the instructors. And most importantly, the lecturers we contacted made it easy. To get credit, you can write BN-tests, presentations or articles by asking the professors. You can always talk to the teachers, a solution will be found. Traveling in my spare time was very important to me. During the semester, I had the opportunity to visit Spain, Paris, Belgium, the Netherlands and some cities in Germany. I had a great time. I have met wonderful people in classes and during my travels. I made many friends. Coming to Heinrich Heine was one of the best experiences for me. If I had the chance to come again, I would like to come again.

Ich stimme der Veröffentlichung meines Erfahrungsberichtes ohne Nennung meines Namens auf den Internetseiten der Heinrich-Heine-Universität zu. <i>I agree to the anonymously publication of my field report on the website of Heinrich Heine University.</i>	Ja/Yes <input checked="" type="checkbox"/>	Nein/No <input type="checkbox"/>
