I came to HHU as part of my Master's program.
 It was warmly welcomed from the start and immediately felt at home.
 The staff, faculty, and students were incredibly kind and generous. They were also highly responsive and offered me assistance with everything I needed.

The academic experience was enlightening. I was happy to be exposed to different perspectives and ways of studying and thinking. Discussions with fellow students and with the professors enriched and strengthened my research.

The library services were good. Any book or article that couldn't be found in the university could be easily ordered or scanned through interlibrary services.
 There are convenient opening hours and many places to sit and study quietly.
 Several scanners are placed throughout and are very easy to use.

The university area is pleasant, there are many nice places to relax, and the beautiful botanical gardens are within walking distance and well worth a visit.

I had a fantastic and unforgettable experience at HHU.
 I highly recommend it and look forward to returning in the future.
