The experience here at HHU was overall positive. At the beginning I found some problems with the language, I don't speak German at all and most of the information here are written in German. Even if you come here to work in a lab (as I did) it is quite common that you have to translate the information or that you have to face some problems while communicating with people working at Uni. For this reason I suggest to follow the A1 German course at the university because it could be very useful.

Apart from that everything was ok, the university is a bit old but you can find anything you need. The procedures for enrollment are quite simple and someone will help you with that.

Ich stimme der Veröffentlichung meines Erfahrungsberichtes ohne Nennung meines Namens auf den Internetseiten der Heinrich-Heine-Universität zu.

I agree to the anonymously publication of my field report on the website of Heinrich Heine University.
