I did my Erasmus during the pandemic so it was not easy. I really appreciated the possibility of being able to follow all the courses online and to take the exams. Unfortunately the website was not always very clear and helpful and not knowing many other students made the experience more complex than expected. However, whenever I had a question I was always given an answer and guidance. All in all I had a good time, I would have liked to experience university life more but it was not possible. I really enjoyed having this experience in a country so different from my own, with very different customs and traditions. The professors were always very helpful and understanding and the exams were interesting and adapted to the distance mode. I was given a room in a student residence very quickly, even though mine was very far from the centre but I really liked where it was located. There I was able to meet other students and take long walks in the many green spaces that the city of Dusseldorf offers.

Ich stimme der Veröffentlichung meines Erfahrungsberichtes ohne Nennung meines Namens auf den Internetseiten der Heinrich-Heine-Universität zu.

I agree to the anonymously publication of my field report on the website of Heinrich Heine University.
